JOB DESCRIPTION:

The Utah Department of Corrections (UDC) is looking for a **Part-Time Licensed Radiological Technologist** to conduct x-ray procedures on inmates at the Utah State Prison in Draper, Utah.

The **Radiological Technologist** recommends and maintains procedures, equipment and supplies for the x-ray and monitors their use. Has a commitment to teamwork, customer service, and the patient experience.

A **Radiological Technologist** will be responsible for:

- processing paperwork
- preparing specimens for reading by outside laboratory
- maintaining and operate imaging equipment
- setting up x-rays for examination
- following precise instructions about the areas needing imaging to obtain a quality image
- analyzing and interpret images alongside physicians
- scheduling patient x-ray exams
- maintaining accurate records and logs
- resolves problems and develops new programs and procedures for the x-ray process

Ideal Candidate:

- Possess Associates degree or higher from an accredited program.
- Passed ARRT exam.
- Licensed in the State of Utah as a Radiological Technologist.

The ideal candidates will have a solid understanding of principles, theories, and practices of medicine. The ability to work independently and an understanding of interactions and adverse reactions to drugs, medications and their dosage.

What's in it for you?

We seek out only the best -- the best skills, the best attitudes -- and expect the best results from our employees. In return, we will not only offer a highly competitive compensation but training, development, and support to make our employees a success in their career with us.

For additional information about the Utah Department of Corrections please go to this link. <http://www.corrections.utah.gov/>

EXAMPLE OF DUTIES:

Listed below are examples of some duties that will be required of this position:

- Sets up x-rays for examination.
- Take x-rays of patients.
- Records results.

TYPICAL QUALIFICATIONS:

Listed below is some of the additional knowledge, skills and abilities that we are looking for in an ideal candidate:

- Ability to deal with people in a manner which shows sensitivity, tact, and professionalism.
- Ability to speak clearly, concisely and effectively; listen to, and understand, information and ideas as presented verbally.
- Skills in using logic to analyze or identify underlying principles, reasons, or facts associated with information or data to draw conclusions.
- Knowledge on how to perform medical procedures.
- Knowledge of medical terminology.
- Knowledge in principles, theories, and practices of radiology.
- Knowledge in principles, theories, and practices of radiography.
- Skills in organizing information in a clear and concise manner.
- Skilled in maintaining confidentiality.

SUPPLEMENTAL INFORMATION:

- Only qualified applicants will be contacted for an interview.
- Hiring officials may identify additional related skills and requirements as preferences for this position.
- Licensed as a Radiological Technologist
- Risks found in potentially dangerous or unusual environmental stress situations
- The work requires considerable and strenuous physical exertion such as lifting heavy objects over 50 pounds, and crouching.
- Current UDC employees hourly rate will be subjected to the Career Ladder.
- **NOTE:** Department of Human Resource Management rules regarding promotions and transfers apply to current state employees.

The State of Utah is an equal opportunity employer. Hiring is done without regard to race, color, religion, national origin, sex, sexual orientation, gender identity, age or disability. The State provides reasonable accommodations to the known disabilities of individuals in compliance with the Americans with Disabilities Act. For accommodation information or if you need special accommodations to complete the application process, please contact the Department of Human Resource Management at (801) 538-3025 or TTY (801) 538-3696.
